

BS310C PORTABLE / BENCH MOUNT

- Ideal for both workshops and mobile use.
- -32 (DN51) Hose Capacity.

The BS310C, available with 110v, 220v(1ph) and 400v(3ph) power supply options, is suitable for distributor, workshop and mobile applications. Mounting holes are provided on the base of the machine.

The 325mm steel cut off blade offers full (-32) DN51 hydraulic hose cutting capacity.

Adjustable table pins allow selection of the most suitable hose bend radius for safe, clean and dust free cutting.
