BS50H PORTABLE / BENCH MOUNT

- Ideal for both workshops and mobile use.
- Easy to set and use.
- Comes complete with all tooling.

BS50H EXTERNAL HOSE SKIVER

Ideal for workshop and mobile use, the Banner BS50 EXT manual external skiver comes complete with hand brace, flanges and 10 mandrel skiving tools all packed in a purpose made toolbox that has separate pockets for each of the components.

The fully adjustable skiving tools offer external hose preparation from -04 (DN6) to -32 (DN51).

BS50H INTERNAL HOSE SKIVER

The optional internal skiver comes complete with hand brace and 5 mandrel skiving tools and can be supplied as a separate kit complete or combined within the same toolbox with the BS50 EXT shown above.

The fully adjustable skiving tools offer internal skiving capability from -12 (DN19) to -32 (DN51).
